

VDI MADE EASY

ZERO CLIENTS FOR HORIZON VIEW

RackTop Zero Clients combined with vBOX for View is the fastest way to implement virtual desktops. Cut your VDI deployment time from 18 months to under 8 hours. Sound impossible? Here's how RackTop does it: together, vBOX and Zero Clients eliminate the VDI network and storage guessing-game while reducing complexity and the number of pieces required.

RackTop's View solution contains everything you need to implement a virtual desktop infrastructure (VDI) with the confidence that your endpoints will further enhance the end user's experience. Adding more concurrent users is easy - simply add another vBOX and more Zero Clients. Need more redundancy? Just add another vBOX.

FEATURES

- Reliable desktop experience
- Low total cost of ownership
- Minimal IT administration and support
- Powerful, secure and easy to manage
- Efficient, centralized computing
- More secure than thin clients
- Seamless, dynamic remote configuration
- 3D imaging & video editing
- Supports PoE
- Silent operation
- Low power consumption
- Setup in seconds
- Worry-free warranty
- VMware-ready

VBOX + ZERO CLIENTS = YOUR VDI SOLUTION

VBOX IS A SCALABLE, TURN-KEY VMWARE VIEW BASED SOLUTION THAT PROVIDES SECURE VIRTUAL DESKTOPS AND THE BEST END USER EXPERIENCE.

+

ZERO CLIENTS PROTECT YOUR CORPORATE DATA WITH MINIMAL MAINTENANCE, AND TAKE JUST MINUTES TO SET UP, SECONDS TO BOOT.

Solve Your Traditional Desktop Problem

RackTop's Zero Clients are designed to combat the escalating costs of managing traditional PCs.

In addition to positive user experience and secure data, implementing Zero Clients allows you to lower the total cost of ownership (TCO).

RackTop's Zero Clients require minimal maintenance, take less space, and use less energy than traditional desktop computers. Connect a monitor, keyboard and mouse and the Zero Clients are ready to go. Coupled with the RackTop vBOX, you can implement a virtual desktop infrastructure that efficiently expands on demand.

MODELS

FEATURE	SPECIFICATIONS	
Processor	Tera2 PCoIP Portal Processor	2 Displays
Power Supply	External Power Supply	Power Over Ethernet (optional)
USB Connectors	2 Rear USB 2.0 Connectors	4 Front USB 2.0 Connectors
Ethernet	RJ45 Ethernet or Fiber Ethernet connector	
Jacks	Headphone, microphone, speaker, 12VDC power jack	
Dimensions	5.91" (height) x 5.12" (length) x 1.77" (width)	

CUSTOMER SUCCESS

"Racktop's Zero Clients have changed the way we operate at Acton. We rolled out vBOX and Zero Clients and not only are we saving money and time, but our users are happier. Thanks, RackTop, for making me look good!"

- Eddie Jenkins, CIO, Acton Mobile

ABOUT RACKTOP

To us, being a great company is more than just making products. We believe technology exists to solve business problems. That's why we focus on engineering tailored solutions to meet your needs. RackTop Systems designs and develops Enterprise data center products built for business. We focus on implementing impactful solutions that work for your business on day one. Our expertise extends beyond our products alone. We pride ourselves on not only knowing our own products, but also the products that touch or connect to them. It's that domain expertise and big picture approach that translates into quick ROI and successful implementations.

We're no ordinary technology company. We're RackTop. Your technology partner with solutions that accelerate your business.
